OFF-ISLAND CARE

The Customer Care Department provides these important tips when you receive off-island treatment. These tips will help facilitate the continuity of care.

- Before your departure, you or your authorized representative may call or visit the Customer Care Department at the StayWell office to coordinate your off island care and pickup your pre-certification.
- Hand carry your StayWell pre-certification.
- Hand carry all imaging films, pathology slides/specimens, medical records and referral papers to doctors appointments.
- If you are unable to make it to a scheduled appointment, notify the doctor's office for cancellation and re-scheduling. Otherwise, you may be charged a no-show fee.
- If you will be out of the Service area for more than 60 accumulative days, submit a request, together with the treatment plan of your doctor, to StayWell's Customer Care Department prior to the 60th day.
- When you return to Guam, bring back all materials that will help facilitate continuity of care.
- Call the StayWell toll free number at 1-866-782-9955 or send an email to offislandreferral@staywellguam.com, if you have questions regarding your coverage.

The StayWell Network **SAVES** YOU MONEY

Especially during tough economic times, it's good to discover ways you can cut the cost of your health care without reducing the quality of care. Here's an easy way you can do just that...

You will save money simply by using StayWell's Network of Participating Providers.

StayWell's network includes doctors, dentists, chiropractors, mental health professionals, hospitals, pharmacies, laboratories, optical firms, private home health care agencies and other medical facilities, in the Service Area and outside the Service Area, which have agreed to provide services to StayWell members at substantially reduced rates.

The overall cost of your health care is much less when you go to a provider INSIDE the network than when you go OUTSIDE the network. As a result, your out-of-pocket expenses are greatly reduced. In some cases, your Co-payment is waived altogether, and you pay nothing! However, if you choose to go OUTSIDE the network for care, you pay much more for the same service.

Why pay more than you have to? Whenever you need inpatient hospital care, or surgery of any kind, or major medical tests such as MRI's or CAT scans, follow these simple DO'S, and you'll save money:

TO SAVE MONEY

DO - Call StayWell's Informed Choice Department to get Pre-certification

DO - Go to a StayWell Center of Excellence

DO - Go to a StayWell Preferred Provider and avail of reduced/fixed copayments at a full service clinic, laboratory, and imaging center!
(See Preferred Provider Flyer for more details)

THEN - StayWell pays for your in-patient hospital and ambulatory surgi-center care! Your co-payment charges are waived!

PLUS - If you qualify, StayWell will pay for your airfare YOUR COST IS \$0.00

* Coverage is subject to Benefit maximum.

IF YOU DON'T GO TO A CENTER OF EXCELLENCE

You won't qualify for the airfare benefit

You pay 30% co-payment with NO maximum

You pay all charges in excess of StayWell's Eligible Charge* with NO maximum

YOUR COST MAY BE MORE THAN \$10,000

* See member handbook glossary for definition.

STAYWELL'S CENTER OF EXCELLENCE

The selected off-island hospitals participating in StayWell's network were chosen for their excellent facilities and services and their convenient locations. Though not all practicing physicians and providers in a Center of Excellence are affiliated with StayWell, our office may be contacted for clarifications and our staff will be glad to assist you regarding any related concerns. In addition, the list may change from time to time without notice, please contact our office at 477-5091 extension 1180 for an updated listing.

WEST COAST, USA

Children's Hospital Los Angeles 4650 Sunset Boulevard Los Angeles, California

They are an international leader in pediatrics and are the largest pediatric cardiovascular center in the West. Their comprehensive programs provide diagnosis, consultation, treatment, and ongoing management for children of all ages, from fetus to newborn, child, and young adult. This hospital is able to offer the optimum in multidisciplinary care with 33 pediatric subspecialties and dozens of special services available.

Keck Hospital of USC and USC Norris

Cancer Center is conveniently located just off the San Bernardino freeway near downtown Los Angeles. Keck Hospital of USC is a private, 401-bed acute care hospital staffed by faculty at the renowned Keck School of Medicine of USC. It offers top medical expertise and sophisticated technology, combined with a personalized approach to health care. USC Norris Comprehensive Cancer Center is a leader in the quest to make cancer a disease of the past. Their mission is to treat and prevent cancer by advancing and integrating education, research and personalized patient care. As one of the eight original National Cancer Institute (NCI)-designated comprehensive cancer centers in the United States, USC Norris is one of the nation's preeminent academic medical institutions and one of California's top cancer centers. Their nationally and internationally renowned physicians represent extensive areas of expertise, giving them the ability to provide truly customized care for their patients.

KPC Healthcare and its acute hospital system: Orange County Global Medical Center, Anaheim Global Medical Center, South Coast Global Medical Center, and Chapman Global Medical Center 1301 North Tustin Ave Santa Ana CA 9270 Phone: (714) 953-3652

For over 110 years, Orange County community hospitals have been serving one of the most traveled tourist destinations in the world. With more than 1,200 inpatient beds throughout their acute care medical centers, they provide high-quality, comprehensive and affordable healthcare. Their world-class hospital staff consistently delivers innovative and advanced medical care through the use of state-of-the-art equipment, that better serves their patients and their families. For them, healthcare is not just about caring for their patients, but also about investing in the people throughout their local communities. Their mission is to ensure everyone they encounter enjoys life in great health.

PIH Health Good Samaritan Hospital 1225 Wilshire Boulevard Los Angeles, California

It is a leading center for open heart surgery in Southern California and is the number two cardiac surgery center in the West Coast. This hospital specializes in heart surgery, cancer treatment, premature newborn care, orthopedic care, intensive care units and general surgical care units.

PIH Health Whittier Hospital 12401 Washington Boulevard Whittier, California

Founded in 1959 by community members who needed quality healthcare services close to home, this 523-bed hospital has grown into a healthcare system that serves residents of Los Angeles County, Orange County and the San Gabriel Valley region. In addition to the hospital, the Whittier campus is home to the Washington and Wells Medical Office Buildings, a community pharmacy, an outpatient surgery center and the Patricia L. Scheifly Breast Health Center.

Providence St. John's Health Center 1328 Twenty-Second Street Santa Monica, California

Saint John's provides a full spectrum of treatment and diagnostic services. In particular, they are committed to Saint John's four areas of excellence: Cancer Care, Cardiac Care, Orthopedics and Women's Health. They also cover a wide array of other health services. Available at Saint John's, Transfusion Free Medicine & Surgery is a state-of-the-art multi-specialty care program that can be performed without the use of blood transfusion. Its goal is to provide quality care without using allogeneic blood

**Providence Little Company of Mary
Medical Center San Pedro
1300 W. 7th Street
San Pedro, California**

With a reputation as a premier provider of comprehensive medical care, they're a mission driven organization that is committed to giving patients and their families' high quality medical care and service. This facility is also part of Providence Health & Services, an integrated not-for-profit network of hospitals, care centers, clinics, physicians, home health services, affiliated programs and services, and educational facilities in Alaska, California, Montana, Oregon and Washington

**Providence Little Company of Mary
Medical Center Torrance
4101 Torrance Boulevard
Torrance, California**

Holding a reputation for clinical excellence, use of advanced technology, and a distinct focus on the personal nature of caring for our patients. In addition, the hospital offers a number of specialty programs and services including a Heart Center that features advanced cardiac catheterization and angiography equipment and coronary angioplasty and open heart surgery available around the clock; and a state of the art obstetrical unit complete with the county's first single family Level III Neonatal Intensive Care Unit (NICU) to enhance parent-child bonding for even the most fragile of infants, and an on-site Perinatal Center providing complete fetal diagnostic testing and genetic counseling.

THE PHILIPPINES

**Cardinal Santos Medical Center
Wilson Street, Greenhills San Juan
Metro Manila**

This hospital has 250 beds and more than 1,000 medical staff that excels in specialized medical care such as Cardiology, Neurology, Preventive Medicine, and Diagnostics through continuous education and research.

**Chong Hua Hospital
Fuente Osmena, Cebu City**

An industry leader equipped with the latest diagnostic and life saving devices. The hospital has a 246-bed capacity and right beside the 12 story building will house 500 rooms to accommodate more patients all over the region.

**Makati Medical Center
No. 2 Amorsolo Street, Legaspi Village
Makati City, Philippines 1229**

Located at the heart of the country's primary central business district, MakatiMed with 600 bed capacity delivers quality and compassionate service through its highly skilled and board-certified physicians, compassionate nurses, competent allied healthcare professionals and management staff, modern facilities and state-of-the-science medical equipment and technology.

**The Medical City
Ortigas Avenue, Pasig City**

The Medical City is one of the most modern and people oriented healthcare institutions in the Philippines. The Medical City's expansion and modernization programs resulted in an increased 434-bed capacity with 256 roster of highly capable medical consultants and dedicated paramedical and administrative staff. Services offered include Emergency, operating and delivery room, nursery, clinical laboratory, diagnostic radiology, CT Scan, mammography section, diagnostic, ultrasound, radiation oncology section, Psychiatric care, Neurological laboratory, Cardiovascular laboratory, Pulmonary service, Physical Therapy and Rehabilitation services.

**Philippine Gamma Knife Center
Wilson Street, Greenhills SanJuan
Metro Manila**

It is the only Leksell Gamma Knife facility in the Philippines. The Leksell Gamma Knife is a radiosurgical tool that delivers ionizing radiation to the brain to treat various diseases. The Gamma Knife provides patients with another option for the treatment of tumors, vascular malformations, trigeminal neuralgia and other conditions of the brain that were once only managed with open surgery.

Since its inception in 1997, the Philippine Gamma Knife Center has successfully treated hundreds of cases and to this day continues to provide patients with the proven alternative to brain surgery. The Philippine Gamma Knife Center stands beside the Cardinal Santos Medical Center

**Philippine Heart Center
East Avenue, Quezon City**

It is the Philippine's premier facility for state-of-the-art treatment of heart ailments. The Philippine Heart Center was founded in 1975 and it has a 280-bed capacity and 430 medical consultants.

**St. Luke's Medical Center
279 E Rodriguez Sr. Avenue,
Quezon City and Fort Bonifacio Global
City, Taguig City**

St. Luke's is one of the most progressive and modern hospitals in the Philippines. The hospital has world-class equipment and medical staff, including more than 690 beds and more than 1,000 physicians. Its facilities include institutes for the heart, kidney and kidney stones, cancer, general surgery, ophthalmology, pathology, pulmonary medicine, radiology and a nuclear medicine laboratory.
