

What you need to know about the COVID-19 Vaccine

US FDA-approved COVID-19 vaccinations are covered at 100% when administered by your provider or at a local pharmacy.*

Call your provider or pharmacy to schedule an appointment.

*The federal government provides the vaccine to Guam and CNMI for prioritized distribution, these US FDA-approved vaccines are free. When the vaccine is free and it is administered by a private clinic or local pharmacy, StayWell will cover the US FDA-approved vaccine administration 100%.
